Recall to Repair Certain Bottom Freezer Refrigerators in Fingerprint Resistant Stainless Steel Sold Under GE Brand

Dear Consumer,

MC Commercial Inc. (Mabe), in cooperation with Health Canada, has announced a voluntary recall of certain freestanding bottom freezer refrigerators with fingerprint resistant stainless-steel coating. The recall is due to the risk that the freezer handle can detach when a consumer tries to open the freezer drawer. If a handle detaches while a consumer is using it to open the freezer, it may cause a consumer to lose their balance, creating a fall risk. Our records indicate that you may have purchased one of the recalled refrigerators. As part of our commitment to product safety, Mabe is offering to provide a free in-home repair. Please read this notice carefully.

This recall involves approximately 2,282 freestanding 36" bottom freezer refrigerators with a fingerprint resistant stainless-steel finish. The refrigerators were manufactured between February 2020 and July 2021 and sold in Canada under the GE brand name.

This recall is limited to the six models with the serial numbers listed below. Information below will assist you in locating your refrigerator's model and serial number location. Please call the toll-free number if you have any questions as to whether or not your refrigerator is included in the recall.

To determine if your refrigerator is affected and schedule a free in-home inspection, visit our recall website anytime at www.geappliances.ca/recall-information or call the Recall Hotline toll free at 1-833-607-3322 from 8 a.m. to 5 p.m. ET Monday through Friday.

Consumers should not return recalled units to the store where they purchased as retailers are not prepared to take the units back.

Mabe is conducting this voluntary recall in cooperation with Health Canada, which will also monitor the effectiveness of the recall.

Location of model and serial number label

Recalled Models: Only refrigerators with one of the model numbers below and with a serial number that starts with one of the prefixes below are included in this recall. Consumers should locate the model and serial numbers on the product's rating label before contacting Mabe.

The affected models are:

GFE26JYMKFFS, GFE26JYMNFFS

GNE27EYMKFFS, GNE27EYMNFFS

GNE27JYMKFFS, GNE27JYMNFFS

The serial numbers for the affected models begin with one of the following two letter combinations: DR, FR, GR, HR, LR, MR, RR, SR, TR, VR, ZR, AS, DS, FS, GS, HS, LS, MS.
